

COOLIDGE, McADOO  
WINNERS IN FIRST  
BATTLES AT POLLS

President Overcomes Joint  
Opposition in North  
Dakota Primary.

NEXT TEST COMES  
IN SOUTH DAKOTA

Underwood Given Jolt by  
McAdoo's Easy Victory  
In Georgia.

Washington, March 20.—Politicians of the national capital who for three months have kept one ear cocked to catch the voice of the people back home sustained a pair of mild jolts today in the results of the presidential preference primaries in Georgia and North Dakota.

In Democratic Georgia, Wm. Gibbs McAdoo has won a sweeping victory over Senator Oscar Underwood, of Alabama.

In Republican insurgent North Dakota, President Coolidge has emerged with a victory over Senator Hiram Johnson and Senator Robert M. La Follette.

La Follette, whose name was not on the ticket, ran neck and neck with Johnson, and their combined strength was in excess of the Coolidge total, making the President a minority preference in his own party. If Johnson could have polled La Follette's strength, he would have defeated the President handsily, according to the latest figures reaching here.

A more conclusive test of the comparative strength of Coolidge and Johnson in the Northwest will be afforded next Tuesday when they come to grips again in South Dakota, where the La Follette influence is not so pronounced. The meanness of the Coolidge managers has been exemplified by the dispatch of the cabinet member, Secretary of Labor James J. Davis, to the state to engage in a speaking tour.

Underwood Jolted.  
The McAdoo victory in Georgia was a distinct jolt to the Underwood managers, who are directing the Alabama's national campaign from here. They had figured on a fairly close fight in Georgia, as McAdoo is a native Georgian, but none of them expected such an overwhelming exhibition of McAdoo's popularity as the result revealed.

Underwood's defeat is attributed by Democratic leaders here to three principal things:

The fact that McAdoo is a native Georgian;  
2—Underwood's opposition to the soldiers bonus; and  
3—Underwood's pronounced criticism of the Ku Klux Klan. McAdoo is one of the strongest supporters of the bonus, and he has had little or nothing to say about the Klan.

The McAdoo leaders, who have resolutely clung to the belief that he was not hurt by the disclosure of his associations with E. L. Doheny, as counsel, were jubilant today and under the impetus of the Georgia victory they were preparing to promote with renewed vigor the campaign that lagged a bit after McAdoo testified before the oil investigating committee here.

The Underwood managers, while somewhat subdued, are nevertheless going ahead still confident in their belief that McAdoo cannot be nominated at New York because of the third rule. They concede that McAdoo may even approach a majority in the early balloting, but that that's all.

SWEEPING PROBE  
OF WOMAN'S DEATH

Claim Cleveland Woman  
Beaten to Death by  
Dry Agents.

Cleveland, March 20.—A sweeping investigation into the death of Mrs. Pauline Polmar, mother of five children, which is alleged to have resulted from a beating by reputed dry agents, as well as a thorough investigation of the activities of justice's agents in the enforcement of the state dry law was launched by Prosecutor Edward C. Stanton here today.

Charges of extortion and blackmail in connection with law enforcement were on the prosecutor's desk, and it was stated emphatically that the matter would be probed to the bottom and the grand jury asked to indict any who used their office for purposes other than law enforcement.

The Stanton probe was part of a late investigation of methods used by enforcing the Crable act and other dry enforcement laws. At Cincinnati, Toledo, and other points in late, similar activities were in method, and sweeping reforms in methods were anticipated if the charges made by officials are proved.

Head Crushed When  
Fireman Leans Out

McAraw, March 20.—Instant death was the fate of Earl F. McAraw, 21, of McAraw, Hickline Valley railroad station, at Meredith station eight miles north of here, early today.

Home Talent Gets Liberal  
Applause On Opening Night  
Of 'Yoo Hoo', Musical Revue

Another rollicking musical revue in which all the cast were home talent players, scored at the Grand theater Wednesday night, the first of a two-day stand. It was called "Yoo Hoo," a pleasant folies type revue with some 100 people in 22 scenes, given under the auspices of the Women of the Macabees.

Mainly appreciative of the work of the local performers, the small crowd applauded their favorites continually, and encores were called for the best scenes. There were two acts, almost equally divided in length and each divided in turn with a pleasing number of varied scenes.

Two end men, in burnt cork, Frank Allen and Clyde Bolen gave the life and snap to the production with their humor and wit that was interspersed in generous quantities throughout the show. In scenes by themselves, or with a chorus, these two lads stood out as the real fun makers.

The other principals must share equally in praise. The female leads, Miss Dorothy Detwiler, Miss Katherine Stratton and Miss Jessie Hockart, appeared in many scenes, singing many songs, and very attractive in their dress and actions.

Robert Culbertson and Thomas Baile did most of the male lead parts, and their songs were well received. Both appeared with choruses and partners in several scenes which were prettily arranged.

The prologue started things off. Four pony choruses with Eddy Allen, Katherine Stratton, Margaret Phillips and Robert Culbertson introduced the main characters, and the show was on.

The first scene was a laughable scene with Bolen and Frank Allen directing the orchestra. Jeannette Stoddard gave a solo dance in the second scene, with little Lois Huffman.

FRANK ALLEN, 44,  
DIES SUDDENLY

Found Early Thursday in  
Unconscious Condition,  
Falls to Rally.

Frank Allen, 44, died suddenly Thursday morning at the home of his sister, Mrs. William Mundy, Roosevelt ave., and North Georgetown rd. Although never well, Mr. Allen was up town Wednesday evening and when he retired was apparently in his usual health. Thursday morning when called by members of the family he failed to respond and was found in an unconscious condition. A physician was called but he never rallied.

Mr. Allen, a son of Joshua and Harriet Allen, was born at Sharon, Pa. For about 25 years he had made his home with his sister, Mrs. Mundy, and prior to that time lived at Washingtonville. He was a member of the M. E. church.

Surviving are these brothers and sisters, Mrs. Mundy, Mrs. C. W. Astory, George Allen and Ernest Allen, of Salem; Edward Allen, Colorado Springs, Colo., and Thomas Allen, of Cleveland.

The funeral will be Saturday afternoon, the hour to be announced Friday, at the Mundy home; burial in Grandview burial park.

RICKARD "BUNKED"  
IN FILM DEAL, HE  
TELLS COMMITTEE

Says He Fell For Stories  
of Supposed Influence  
in Washington.

PROMISED TO GET  
NEW LAW PASSED

Famous Fight Promoter  
and Wheeler Embroiled  
in Row.

Washington, March 20.—Tex Rickard, famous fight promoter, gambler and millionaire, who has chatted millions of dollars in sporting and mining ventures, told the senate committee investigating Harry M. Daugherty today that he had been "bunked" in the conspiracy to show the Dempsey-Carpenter fight films.

For once in his life, Rickard admitted ruefully he "fell for stories" of supposed influence in Washington, and split the proceeds of the fight films with a trio of men who assured him they could get a law passed in Washington that would permit nationwide exhibition of the films.

"But I think I got bunked," said Rickard naively.

Rickard said he entered into an agreement with "Jap" Muma, a friend of Atty. Gen. Daugherty's; Ike Martin, a Cincinnati promoter, and Wm. A. Orr of New York, to divide the proceeds from showing the films.

"What made you pay 50 per cent to Muma and Martin?" asked Senator Wheeler.

Promised New Law  
"Well, they said they could get this law passed," said Rickard.

"Do you want us to understand you fell for such bunk as that?" said Wheeler. "Did you think they could have a law passed in a few days?"

"No," said Rickard. "I thought it would take about two weeks."

Rickard said they didn't tell him in 20 many words they had influence in Washington, but he believed them about having the law passed.

"I don't know yet that it couldn't be done," he said.

Rickard became embroiled in a row with Senator Wheeler with 30 minutes after taking the stand. Wheeler accused him of "trying to hide behind the disabled soldier" after Rickard said the films were first taken from New Jersey to New York to show the soldiers.

"Wait a minute," said Rickard. "Let me tell my story."

Wheeler refused to listen and an uproar ensued with both men trying to talk at once. Both were angry and shouting.

YOUNG PEOPLES  
LEADER TO SPEAK

Cleveland Staff Captain  
to Speak at Salvation  
Army Meeting.

Staff Captain Croft, of Cleveland, divisional young people's secretary of the Eastern Ohio division, will be at the evangelistic service Thursday evening at the Salvation Army barracks, West Green st.

Mr. Croft has charge of the young people's activities in this division. A large attendance is expected at this service.

A special young people's meeting was held at 4 p. m. Thursday at the barracks with a program and at this time the staff captain met the young people.

The hall was filled for the service Wednesday evening at which the male quartet from the M. E. church, Sebring, sang three selections which were much enjoyed. Rev. Stella McCann, of Damascus, gave a strong sermon on this text: "Who so covereth his sins shall not prosper, but who so confesseth and forsaketh his sin shall find mercy."

Mrs. William Murphy, of Sebring, is scheduled to speak at the service Friday evening.

\$225 IS AWARDED  
FOR HEART BALM

Lisbon, March 20.—The jury in the case of Izetta Tate against A. H. Tate returned a verdict this morning for \$225 in favor of the plaintiff.

The action was a heart balm suit wherein the woman wanted \$5,000 for failure of Tate to marry her.

The parties are colored and reside in Wellsville. The case has been on in No. 2 common pleas court for two days.

PINCHOT ORDERS  
PITTSBURGH TO  
ABOLISH SALOON

Pittsburgh, March 20.—By the direction of Gov. Pinchot, 100 state troopers today are completing the serving of abatement notices on all saloons in Pittsburgh.

The constabulary started serving these notices late yesterday on every cafe and saloon in the city.

Proprietors were notified to cease selling liquor and to remove bars, fixtures, swinging doors and curtains with the alternative of answering charges of contempt of court.

Radio Fan Listens  
In While Eating

Here's the latest radio tidbit.  
A salesman from Canton came to Salem yesterday. So that we would not be lonely brought his radio along.

Being a radio fiend like thousands of other static bugs today, he couldn't leave the set while he ate his dinner, so he took it in a local restaurant. It was a portable set, and he set it on his table while he enjoyed his meal, entertaining the diners in the restaurants at the same time.

GIVEN FREEDOM  
AFTER ADMITTING  
HE IS MURDERER

Dayton Man Slays Man He  
Found in House With  
His Wife.

Dayton, March 20.—Marshall Bryant, 35, today is breathing the air of freedom, as the result of his confession that it was he, and he alone, who killed Russell Sunday, October 10, last.

The confession came with startling suddenness. It was made through an attorney to prosecuting attorney Albert Scharrer.

By an arrangement quickly made yesterday, Bryant was formally arraigned in court and entered a plea of guilty to the charge of manslaughter.

Sentence of from one to twenty years in the penitentiary was imposed and then held in abeyance during good behavior.

Jealousy was the motive back of the killing which baffled the keenest detectives in southwestern Ohio.

It was related that Bryant went into his home and discovered Sunday and Mrs. Bryant in a compromising situation. The murder immediately followed Sunday's skull was caved in.

Ten days later his body, weighted down with railroad angle bars, was found in Little Miami River at Lebanon.

From the time the body was discovered in October up to late yesterday afternoon the murder of Russell Sunday was cloaked in mystery.

Eternal Triangle.  
Judge Patterson said it was a matter of extreme doubt whether a jury upon hearing the actual evidence of the situation in which Bryant found himself on the night of the murder, would return a verdict of guilty on charge of murder.

"The reciting of evidence in this case would simply be a narrative of gruesome details that would not help the plea any, nor would it serve to any good end," Judge Patterson said.

"It is the old story of the eternal triangle, where the affection of one has strayed from fidelity, causing a situation in which the homicide took place."

"Then there is the further fact that the penitentiary now is overcrowded. There now are between 300 and 400 persons in the idle house. This is cruel and inhuman. The board of clemency in a letter has asked the courts to exercise the power of clemency and recommend parole in all cases where it is possible."

In his confession Bryant said he picked up a piece of firewood and struck Sunday on the right side of the head.

WORLD SERVICE  
MOVEMENT AIM  
OF CONFERENCE

In the interest of the World Service movement of this church, Dr. W. B. Armstrong of Canton, district superintendent has called an important conference at the M. E. church for Friday afternoon and evening, the opening session to be at 2:30 o'clock.

The World Service is a continuation or takes the place of the Centenary movement, which covered a period of five years, and is to carry on the world work already begun.

Dr. West, a returned Missionary from Africa; Dr. Johnson of Columbus, executive secretary, and Dr. Armstrong are the speakers for both conferences.

The Women's organization will serve supper at 6:30. The Canton district is divided into eight groups and delegates from the Salem group, which includes Damascus, Lisbon, Washingtonville and Elkton, are expected.

Fliers Start Today  
For Seattle Field

Vancouver, Wash., March 20.—Hopping off on their second attempt to fly to Seattle, the three world flight planes took the air here at 10:15 a. m. today and after circling the flying field, headed north for Sand Point landing field.

Intermittent glimpses of sunshine before the take-off encouraged Major Frederick L. Martin, flight commander, to make the jump while favorable weather prevailed, without waiting for the arrival of Lieut. Erik Nelson, flying plane No. 4 from Eugene. Nelson is expected to join the squadron at Seattle.

New Pastor Arrives

Rev. W. H. Baker and family of Pittsford, Pa., have moved to Salem to make their home. Rev. Baker accepted the pastorate of the English Lutheran church which was formerly occupied by Rev. J. F. Harman.

FUNDS SOUGHT  
TO EQUIP CITY  
FIRE FIGHTERS

Mechants Committee Seeks Donations With  
Which To Buy Needed Equipment, Including  
Helmets, Ladders, Coats, Etc.

If the business houses, shops and citizens of Salem subscribe liberally, Salem will soon have new fire fighting equipment that is badly needed, and other things needed by the city and police departments.

Thursday morning committees of men from the Chamber of Commerce, Retail Merchants' Board and the Manufacturers' association started out to obtain subscriptions with which to buy new gas masks, helmets, rubber coats of newest make and more scaling ladders for the fire men, a fire net for one of the cars, and an additional equipment that can be bought out of the fund subscribed, the cost of the drive not being set at any amount.

In addition to subscriptions for all main street intersections and all signs will be purchased for the police and safety departments to aid in traffic work.

If a large amount of money is raised, the extra will go to refinish the sleeping quarters of the firemen in city hall, now in need of refurnishing and repainting, not having been looked after for five years.

The equipment comes first. As one merchant expressed it, the "need for more and better fire fighting equipment was never better demonstrated here until the fire in the Spindel and Met buildings not long ago."

Appeal to Everyone  
All business houses, stores, shops and many individuals were being canvassed Thursday, and will be Friday. It will be impossible to reach the homes, so that any individual who wants to contribute is urged to send money or check to Miss Helea Chancellor, secretary of the Chamber of Commerce.

"Get behind and push" is the slogan. The need of all this equipment is known to all. It is absolutely necessary to get all equipment necessary, because the city is about \$10,000 behind and has no money in sight to buy the necessary equipment not only for the fire department, but for the police and safety department.

The committees expect a hearty response. Due to the fact that everyone knows the city cannot buy anything, and the fact that several fires in the past few months demonstrated that the firemen, under Chief Mahloy, who did fine work, could do much better were they able to enter burning buildings with smoke helmets, wearing fire proof helmets, and clad in new rubber coats. The scaling ladders also are a dire necessity in order that they may climb from one floor to another.

At the same time subscriptions are being made by merchants to clean the main downtown streets, as they have done in years past. About \$350 will be raised for this.

POSTPONE RITCHIE  
TRIAL, ROTZ CASE  
MAY START FRIDAY

Attorney's Illness Delays  
Ritchie Case; Others  
Come First.

The trial of Earl Ritchie, constable of Perry township, and former state prohibition inspector, was postponed Thursday until some day next week.

The delay was granted by Mayor J. B. Schaeffer when Atty. J. L. Hilton of Canton, counsel for Ritchie, phoned that he was ill and under physician's orders, he would not be able to appear before 3 o'clock.

Ritchie was to have gone on trial this morning on charges of accepting a bribe from alleged bootleggers for protection last September and also for transportation of whiskey.

The three foreigners, arrested with Ritchie, will face trial Friday, it is probable. They will be arraigned on three charges, transportation and manufacture of whiskey, and bribing Ritchie. The men are Teofil Andrei, out on bail, as Ritchie is and Martin Gardner and John Rotz who have been in jail for about a week.

Chief of Police Thompson, who made the charges and City Solicitor L. B. Harris have been preparing the prosecution. Rotz will probably be on the stand first Friday, because of the fact that this was the day set for his hearing, while the others will be tried following Rotz if attorneys for Gardner and Andrei can be present.

SPRING ARRIVES,  
SNOW STORM, TOO

Blinding Storm Sweeps in  
From Southwest First  
Day of Spring.

Cleveland, March 20.—Spring, arriving a day early because of Leap Year, made her advent under wintry skies with a threat of snow. Authorities said she arrived at 3:20 p. m. today.

St. Louis, March 20.—Eastern Kansas, Missouri, southern and central Illinois and eastern Indiana today were in the grip of a blinding snow storm which swept in from the southwest this morning, and which according to the weather bureau here, carried a threat of sleet that may once more play havoc with telegraph and telephone communication in the Middle West.

St. Louis, March 20.—Eastern Kansas, Missouri, southern and central Illinois and eastern Indiana today were in the grip of a blinding snow storm which swept in from the southwest this morning, and which according to the weather bureau here, carried a threat of sleet that may once more play havoc with telegraph and telephone communication in the Middle West.

OVERWEIGHT LOAD  
COSTS OWNER \$75

John Pascola, coal operator, east of Salem, was fined \$75 and costs Thursday morning by Judge Riddle in probate court on a charge of driving an overloaded coal truck.

Pascola's truck was being driven into Salem Wednesday afternoon when it was stopped and weighed by Deputy Sheriff R. F. Rollins. The truck was found to have 1,000 pounds overweight on it and the driver was notified to have the owner in court this morning. Pascola entered a plea of guilty.

Counterfeiting Ring  
Leader Under Arrest

Baltimore, March 20.—Suspected of being the ringleader of a counterfeiting ring, with headquarters in New York, Joseph Speller, 33, was arrested here today, as he stepped from a train at Union station.

When Speller was searched by police headquarters, he was found to have \$25,000 in bills of \$20 denomination, on a federal reserve bank, which the police declared were counterfeit.

FLAMES DAMAGE  
BIG PLANT WITH  
A \$150,000 LOSS

Huntington, W. Va., March 20.—Fire of unknown origin destroyed virtually one-third of the plant of the Minter Home Corporation here last night. The damage, estimated at \$150,000, is completely covered by insurance.

During the first half hour the scene was one which had some of the elements of panic in it. Houses across the avenue were threatened and residents hurried their furnishings to safety.

A considerable part of the plant without electricity during the first few hours of the evening due to fallen and broken wires.

SPIRITUAL ADVICE  
IS NEED OF EVERY  
PUPIL, SAYS OLIVER

Kiwanians Hear Interesting  
Talk by Former Palestine  
School Head.

The child of today may lack wealth, his father may not be able to send him to institutions of higher learning, or his family may not have a child, but no child can be classed as the "underprivileged child" if he has the guidance of good spiritual advice, and Christian teaching, said C. E. Oliver, editor of the East Palestine Leader, in his address before the Kiwanis club at the Elks Thursday noon.

Mr. Oliver, for years superintendent of the East Palestine public schools, and then in the state department of education, gave a very interesting talk concerning the youth of today, and the advantages that accrue through good spiritual teaching, a thing that is badly needed at the present day, he stated.

Every child has a handicap. The wealthy child may be handicapped by the very wealth that many think would make him famous. The uneducated child has to associate with those superior in knowledge. Some children come of families whose parents have what is known as pull, but this sometimes does not help.

But the greatest handicap of all, he said, was the lack of spiritual knowledge and guidance. A minister can do little, parents can do very much. The child must be educated to be a real Christian, and then he can face the world with any other handicap and win out, said the speaker.

The ladies night program for Friday night was discussed by the club. Dinner will be served at 7 p. m. sharp. During the dinner hour Charles A. Leedy, humorist of Youngstown will entertain. A varied entertainment has been planned for the period after dinner. The party will be held at the Elks. Many out of town Kiwanians are expected.

## Our America Jingle

SOME critic scornful of this nation's  
output of poetry asserts that  
America has no poetry. He may  
have in mind the sort of stuff intend-  
ed for high-brows; but unless he  
limits himself to this brand, his as-  
sertion is without foundation.

With us American poetry is very  
much alive. Perhaps we don't read  
the great masters, the ancient bards  
sublime, so much as we ought to;  
and perhaps even the latter songsters  
sing not for our ears. That may be  
true. But the point is that we do  
read what we like. We read a lot.  
And more than this, we write a lot  
of it.

Pegasus is with us not the thorough-  
bred and very rare steed that he was  
in days ago. Most any of can ride  
him today. It is occasionally pretty  
rough going, to be sure; our flights  
of fancy are not very high, nor our  
searchings into the human soul very  
deep. But we deliver the good in  
metrical form and it pleases the  
readers. Which is what poetry  
should do.

Our democratic poetry is simple in  
its devices and themes. There is no  
scrutinizing of the inscrutable, no ro-  
mantic yearning after the unattain-  
able. We do not write about the far  
away and long ago. Does the trans-  
mission on his flivver give him  
trouble? Our poet uses the theme  
of a five transmission to write a  
poem started a poem. His home town  
presses that it is a game when  
its poet strikes out. The  
result is a literary work of art in  
familiar heptameters suitable for all  
occasions.

At home of an evening fathered can't  
find his evening paper, this little  
incident inspires our poet to a lyrical  
effusion of homely charm and inno-  
cence. Everybody who has ever  
seen father look for his paper is  
moved to appreciation of this elegiac  
quatrain. Skyscrapers and traffic  
officers; umbrellas and motorcycles;  
school girls and school marms; old  
sweethearts and new ones—nothing  
is too remote or too simple to inspire  
our poet.

He is interested in nothing in  
which everybody isn't interested.  
And he makes everything interest-  
ing to everybody. All readers, from  
the oldest to the youngest, understand  
and appreciate it fully. There are  
no hidden meanings, no literary allu-  
sions. It is poetry for everybody.

The critic who says we have no  
poetry in America doesn't know  
American poetry.

## The New Bonus Plan

THE compromise bill passed by the  
house seems to represent more  
or less of an effort to carry water on  
both shoulders. The majority of the  
house appears to think that those  
who oppose the principle of the bonus  
will be somewhat mollified if the  
payments are made in life insurance  
policies instead of in cash and that  
the soldier beneficiaries will be fair-  
ly well satisfied. The result of this  
effort to please everybody is likely to  
please nobody very much. Those who  
want the bonus want the boys to have  
the actual money as soon as possible  
and those who oppose it feel that the  
government is not justified in making  
costly gifts to one class of its pa-  
triotic citizens.

The bonus issue is a moral question  
though many of the congressmen  
make a political one out of it. The  
objection to the whole bonus idea is  
that it stands for special favoritism.  
The whole people, with the exception  
of the comparatively few profiteers  
and other disloyalists, made sacri-  
fices during the war. Most of those  
whose lot it fell to serve with the  
fighting force are still young and vig-  
orous men, wholly competent to take  
care of themselves. Moreover, rela-  
tively few of them suffered any ma-  
terial loss which has not been made  
good or cannot be made good by their  
own individual efforts. The discrep-  
ancy between the pay of the soldier  
on duty and the war wages at home  
was more apparent than real, for the  
soldier had his living and the man

at home was obliged to pay war  
prices for everything he needed.

Chairman Green of the house ways-  
and means committee estimates that  
the cost of the bonus, as now pro-  
posed, would be \$2,115,000,000 distrib-  
uted over 20 years and says that  
the money can be obtained by savings  
in the current expenses of the gov-  
ernment. If that much federal ex-  
pense, more than \$100,000,000 a year,  
can be cut off, the advantage ought  
to accrue to all the taxpayers and  
not to a single group. The greatest  
good to the greatest number is the  
right doctrine.

## 20 YEARS AGO

(Issue of March 20, 1916.)

After an illness of several months  
John Nushbaum died of heart trouble  
at 8 a. m. Sunday at his home, Gar-  
field ave. He worked for the Bag-  
gins Engine company for about 15  
years.

A beautiful new communion table  
has been placed in the Presbyterian  
church by Miss Ida Adams in mem-  
ory of her mother, Mrs. Emma  
Adams. It was used Sunday morning  
when 24 new members were received.

Mr. and Mrs. Frank Speldel are the  
parents of a son, born Sunday.  
This year Easter comes on April 1.  
John L. Zimmerman of Spanglish  
Democratic candidate for governor  
last summer, arrived in Salem Sun-  
day morning and drove to Milvitt  
to visit his father, Abram Zimmerman.

A letter has been received from  
A. K. Mansfield, who has been  
in Paris for some time, that he at-  
tends Mrs. Mansfield expect to sail April  
16 from Antwerp, Belgium, for Amer-  
ica.

Miss Martha French, Ellsworth  
ave, has accepted a position as sales-  
lady with the Salem Wall Paper com-  
pany.

Herbert French, who was injured  
at New Castle a few days ago while  
bowling, is much improved and re-  
turned home Saturday for a few days.  
Work was begun by a lot of men  
Monday morning pumping out the C  
A. T. mine near Washingtonville. It  
is announced that operations will be  
resumed at the mine about April 1.

## Banker Deaf for Years Now Hears Perfectly

Mr. John L. Ellerman, President of  
the Farmers National Bank, Fairfax,  
South Dakota, says that after suffer-  
ing from deafness for many years  
he can now hear the slightest whis-  
per and is so proud and happy of his  
own good fortune that he wants  
everyone who is deaf or hard of  
hearing to know about it. "I'm try-  
ing everything he could hear of with-  
out success. Mr. Ellerman finally saw  
the announcement of a New York firm  
stating they had effected a new hear-  
ing device called the Acousticon  
which would enable anyone whose  
auditory nerve was not entirely de-  
stroyed to hear as perfectly as those  
with normal hearing. As this firm  
offered to send their product on ten  
days free trial—no deposit—no C. O. D.,  
he decided to try it. To his utter  
amazement and delight, he found that  
this remarkable invention enabled  
him to hear all sounds as clearly as  
when a boy. He has since recom-  
mended it to a number of his friends  
and they also report most satisfac-  
tory results. If you want to hear  
again as well as when a child, write  
the Dictograph Products Corporation,  
Suite 1204-H, No. 220 W. 42nd St.,  
New York City, and ask them to send  
you an Acousticon on Ten Days Free  
Trial. There are no strings attached  
to their offer. The trial is absolute-  
ly free. Just send them your name  
and address.—Adv.

## Road Improvement Plan Is Certified

Plans and estimates for the im-  
provement of the East Liverpool-  
Youngstown inter-county highway  
between Elkrum and Unity have been  
passed in the hands of the state  
highway department, and it is now  
considered likely that the bid for the  
construction of this road will be ad-  
vertised for letting in April.

It is the intent of the county com-  
missioners and the trustees of both  
Elkrum and Fairfield townships to  
have this road graded and surfaced  
during the coming year from the St.  
Clair-Middleton township lines north  
to the Cox highway.

## Iowa Physician Makes Startling Offer To Catarrh Sufferers.

Found Treatment Which Healed His  
Own Catarrh And Now Offers To  
Send It Free To Sufferers  
Anywhere.

Evenport, Iowa.—Dr. W. O. Coffey,  
late 834, St. James Hotel Bldg., this  
city, one of the most widely known  
physicians and surgeons in the central  
west, announces that he found a treat-  
ment which completely healed him of  
catarrh in the head and nose, deafness  
and head noises after many years of  
suffering. He then gave the treatment  
to a number of other sufferers and  
they state that they also were com-  
pletely healed. The doctor is so proud  
of his achievement and so confident  
of his achievement will bring other  
sufferers the same freedom. It gave  
him, that he is offering to send a 10-  
page supply absolutely free to any  
reader of this paper who writes him.  
Dr. Coffey has specialized on eye, ear,  
nose and throat diseases for more than  
thirty-five years and is honored and  
respected by countless thousands. If  
you suffer from nose, head or throat  
catarrh, catarrhal deafness or head  
noises, send him your name and ad-  
dress today.—Adv.

## Joy of Going to Work and Returning Home

From the time I was six years old and started out to school until the time when I got married and started keeping house, it was part of my routine to get up and get dressed, eat breakfast and go somewhere in the early morning. The two years before I married I walked to the schoolhouse where I taught every day, rain or shine, hall or street.

And many a morning since I've been married have I wished, when I rose, that I had to get dressed and hurry to school or somewhere, past the farm and the schoolhouse, a couple of miles to my work. For the love of the school, and the meeting it in all my life, there is in my blood, and will never be washed out. Yet many days my duty keeps me in the house from dawn till dark, and, in spite of an honest effort to get out, the days sometimes pass one after the other and I am nearly out of doors, with all this country around me.

It is not willing to admit that there are disadvantages in being married, but if I did admit one, it would be that in the midst of her work—her home and her duties are upon her shoulders, and she retires also in the midst of it, often taking off, at bedtime, the burden upon that she tied about her neck before breakfast.

It is not to go to work—to get up, dress and go out of doors for a walk in the morning freshness, to come home again in the fall of the day to lighted lamps and a singing fire.

Then, if mother wasn't home to do these breakfast dishes, and wasn't there to put the kettle on, perhaps the world couldn't have the best of going to work and coming home, and better for some of us to be more than none of us at all, writes Margaret W. Jackson, in Farm Life.

## Declares Neat Farms Indicate Prosperity

If you want to realize the need of the farmer just take a trip through a country new to you, says a writer in Farm Life. I never had the same reason for what a little care in the home and home grounds could mean, for a farm as I did after passing through hundreds of miles with the varied aspects that such a trip can afford. It is not for the traveler to gauge the prosperity of the farmers and the production of the soil by the homes and farms. I have traveled for a whole day without seeing a single really badly kept farmhouse and nearly every farm had a big, well-painted barn of two and three and orchards and well-kept grounds. Generally trees were planted to protect not only the home but the barn and stock yards from severe north and west winds. It did not take a farmer's figures to tell me that such a community was prosperous. I would not expect to buy farms there for a price I should pay for a farm even within a day's travel where few really well-kept homes were in evidence and where fences, grounds and farm lines were neglected. I saw just such differences in two states on my trip. I suppose I could have seen them everywhere. The soil looked about the same and the crops were looking much the same. Creameries were abundant in both, and I saw many good herds of cattle. And probably, if the real facts were known, the prosperity was not greatly different. But we could not feel but that we were among a few prosperous people and, friends, that was about the biggest point of difference.

## Journalist in Church

A preacher, at the close of one of his sermons, said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, rose to their feet. The preacher seated them, and said: "Now, let every man not paying his debts stand up." The exception, a thin, nervous-looking individual, remained in last summer's suit, slowly assumed a perpendicular position. "How is it, my friend," asked the minister, "that you are the only one not able to meet his obligations?" "I run a newspaper," he answered meekly, "and the brethren here who stand up are my subscribers and—let us pray," exclaimed the minister, "our dumb animals."

## Right Place

"I am trying to find a lady whose name I have forgotten," said the stranger at the door, "but I know she lives in this neighborhood. She is a woman easily described, and perhaps you know her—a singularly beautiful creature, with pink and white complexion, lovely eyes and hair such as a goddess might envy. 'Really, sir I don't know,' replied the servant. 'Jane, tell the gentleman I'll be down in a minute,' came a voice from the head of the stairs.

RUSSIAN ENVOY HANDED ORDERS TO LEAVE CHINA

London, March 20.—The Chinese government has ordered the Russian soviet envoy, M. Karakhan, to leave the country as a result of the ultimatum served upon China by Soviet Russia demanding Chinese recognition within two days, says a Peking dispatch to the Daily Mail today.

A tense situation is developing between China and Japan. The Bolsheviks control Mongolia and tears are felt in Peking that Russia will invade Manchuria.

Russian officials allege that American and Japanese pressure prevented China from ratifying the recognition protocol after the Chinese delegates signed it.

## Accuses Daugherty In Fight Film Case

G. O. Holdridge, former captain in the regular army, investigator for the railroad administration, secret service operative and now attached to a fidelity and guarantee company in Baltimore, was the witness before the senate committee investigating the actions of Attorney-General H. M. Daugherty, who declared Daugherty's name had been linked with the illegal transportation of the Carpenter-Dempsey fight films throughout the country.

## OBITUARY

Samuel Harold, 74, who was born and lived in Columbiana all his life, died at his home there on North Main st. at 4 a. m. Thursday. Pneumonia was the cause of his death.

He is survived by his wife, Nancy, and one daughter, Mrs. Cass Orr; one son, Harvey Harold, both of Columbiana; five brothers, Joe, Albert, Jack, all of Columbiana, and Elmer, Harold of Lakewood; and one sister, Mrs. Letrow of Columbiana.

The funeral service will be held at the home at 1:30 p. m. Saturday and at the Midway Mennonite church of which he was a member, at 2:30 p. m. Burial will be in the Midway cemetery.

## Seeing by Wireless Is Near, Says a Scientist

Edmund Edward Fournier-d'Albe, inventor of the optophone, which enables the blind to read through their ears, and the tomophone, which makes speech intelligible to the deaf, has added his prophecy to those of other scientists who recently have forecast the early achievement of television—seeing by wireless. Dr. Fournier-d'Albe consented to be quoted as saying:

"I believe television will be accomplished this year. I'll stake my whole scientific reputation on it—I'm certain of it."

It envisages a time a few years hence, says the New York World when explorers equipped with television cameras will make possible the projection on moving picture screens in European and American cities the scenes attending their climbs, say of Mount Everest, or their polar explorations, or even the examination of the ocean's floor by means of submarines. Doctor Fournier-d'Albe is credited with sending the first photograph by radio.

Rapid progress is being made on the erection of the superpower electric generating station on the Ohio river near Toronto which will be an additional source of supply throughout the territory served by the Penn-Ohio system, and the Salem Lighting company.

Something more than half of the yardage of concrete for the foundation walls of reinforced concrete are being poured with utmost speed, an average of 75 cubic yards of concrete being poured daily.

The entire unit on which this first unit of what will be a 500,000 horse power generating station will rest, has been placed. This is a massive piece of concrete work, comprising 15,000 cubic yards of concrete with 500 tons of reinforcing steel. This great slab has a thickness of six and a half feet and weighs approximately 23,000 tons.

The whole construction is well up to the plans of the engineers, despite the delays caused in December and January by six weeks of high water. The foundations will be ready by the middle of April or the first of May for the superstructure, the steel for which is already arriving.

A beautiful card party will be given at 2 p. m. Friday by the Eastern Star Chapter of Lisbon at the Masonic hall there. All members of Salem chapter No. 334, Order of the Eastern Star, or members of Masonic families here are invited.

### Literary Club.

For a 1 o'clock luncheon members of the Literary club met Wednesday with Mrs. George Campbell, McKinley ave. Current events were given in the afternoon. In one week the members will be guests of Mrs. Frank McGeary, Goshen rd.

### At Kimmel Home

Mrs. Charles Kimmel was hostess to a group of friends Wednesday night at her home, Lundy st. The game of "500" interested the guests. Lunch was served by the hostess.

May Strawn returned home Tuesday after spending the past three months with relatives at St. John's, Mich.

Miss Lela Green's of North Georgetown, is visiting with her cousin, Miss Lela Harris, Roosevelt ave.

Miss Alda Hickman of Leota has resumed her position as trimmer at DeRhoes & Boutt millinery store.

Mrs. August Dunn of Lisbon spent Wednesday with her daughter, Mrs. A. H. Fultz, Roosevelt ave.

### REQUESTS NAMES FOR MARKERS ON SOLDIER GRAVES

Officers of all parts of the Grand Army in Columbiana county, also those of the Veterans of Foreign Wars and the American Legion are being urged to transmit immediately to F. H. Johnson, clerk of the board of county commissioners, the names of all their soldier dead for whom markers are to be purchased. In addition to the list of names, it

is also requested that the number of the company be set opposite the name of each soldier.

The time limit for the receipt of these names has been set for April 5, and unless the lists are received on or before that date, it will not be possible to furnish markers this year. "I would like to have all these lists in our office before Monday next if possible," Clerk Johnson said.

## HOUSE WILL RUSH THROUGH PROGRAM

Washington, March 20.—In accordance with the desires of President Coolidge the house of representatives will have completed the legislative program of the 68th congress and will be ready for final adjournment before the national conventions begin on June 10, Republican Leader Longworth announced this afternoon after a conference with the Republican steering committee.

Members of steering committee of the senate and house will confer tomorrow night with the president to work out plans for rushing through the legislative program.

## PROTEST ARREST OF AUTOIST WHO ASSISTS PATIENT

Columbus, March 20.—Protests probably will be filed with Gov. Donahy, it was indicated today by the Columbus automobile club following the arrest of a chauffeur charged with speeding while taking Jack Brown, Athens, a patient in need of emergency treatment, to a doctor. Earl Anderson, chauffeur, stated that Motocycle Officer Evans, of Bealey, a suburb here, forced him to return to the home of Mayor Ludwig for immediate hearing when he was arrested, although Brown, he said, was suffering from a badly injured eye and was in need of immediate treatment.

Testimony was offered to show that the car was going 42 miles an hour, but Anderson denied that he was going more than 27.

## Auto Hit By Train, Sues Railroad Co.

Cleveland, March 20.—Fred White, injured when his machine was struck by a Pennsylvania train on a grade crossing in Warren, Dec. 25, last year, filed suit for \$10,000 damages in federal court today, naming the railroad defendant.

## Donations Received For Veterans Fund

The Veterans of Foreign Wars relief fund reached \$163 Thursday when three donations were received. Grover Scullion gave \$2, A. R. Talbot and Jesse Stewart \$1 each.

## INTERNAL REVENUE BUREAU PROBE TO TAKE ON NEW LIFE

Surprises Scheduled Today According to Chairman Couzens.

Washington, March 20.—Promise that the internal revenue bureau investigation, which for a week has been the weak sister of the senate scandal triplets, would throw away its crutch today and try to kick as high as the Teapot Dome and Daugherty inquiries, was made just before the Couzens committee met. Since the committee was reported to have fumbled around with perfectly harmless figures and statistics submitted by Commissioner Fair and his staff, little evidence of the graft, corruption and bribery charged to the bureau appeared.

Today, however, surprises were scheduled to start. Senator Couzens, who brought about the investigation, announced that two persons for whom he had issued subpoenas would appear this afternoon. Who they were he would not say.

Other than the chairman the committee members did not know who these mysterious witnesses were, nor did D. Thomas J. Adams, Yale university lecturer and fiscal authority, who is functioning as adviser to the committee.

It was reported on good authority that these would be the first of a series of witnesses Couzens will call to support his allegations of corruption.

The Michigan senator expects to show that graft is rampant in the bureau and that the government is a heavy loser thereby.

## PRESIDENT WILL HEAD NATIONAL WEEK FOR BOYS

Washington, March 20.—President Coolidge today accepted the honorary chairmanship of National Boys' Week which is to be observed throughout the United States from April 27 to May 3.

The invitation was extended by Wm. Lewis Butcher, of New York, who is leading the movement.

Butcher called at the White House this afternoon, accompanied by several boys, and in a brief speech the president told them that there were only two rules for boys—"Work hard, and behave themselves."

## Seek Cooperation To Improve Pupils Health Conditions

Columbus, March 20.—"We are trying to show parents the necessity for cooperation with local and state health authorities with a view of insuring improved health conditions among Ohio's school children," said Dr. R. G. Leland, chief of the division of hygiene, state health department, today.

Dr. Leland announced that he and other representatives of the state health department expect to attend a conference at Athens Friday with members of the Ohio Parent Teachers' Association, southeastern district, including Athens and Lawrence counties.

## Business Marriage Arranged By Couple

Greeley, Colo., March 20.—A "business marriage," according to the reported terms of a pre-nuptial agreement, occurred here when Mrs. Florence Lear, 50, became the bride of William H. Barnes, 30.

According to the asserted arrangement, Barnes relinquishes all claims to half of his wife's property—the amount allowed him by law—should she die before he does. In return Mrs. Barnes is said to have agreed to make a will leaving all of her property to Barnes, the will including a provision that the instrument shall be void if the marriage proves an unhappy one.

Witnesses of the pre-nuptial agreement declare that Mrs. Barnes, who is said to possess an extensive estate but is in poor health, desired "protection" for the remainder of her life, prompting her to make the pact with Barnes who is robust.

## Shurte Heads County Endeavor Delegates

Russell Shurte, of East Liverpool, treasurer of the Columbiana County Christian Endeavor Union, and known in Christian Endeavor circles in Salem, has been nominated to head the delegation of Christian Endeavorers from this section that will attend the Christian Endeavor convention in Portland, Me., July, 1925, it has just been announced.

The trip will take 25 days and will include sight-seeing tours to Glacier National park, Big Trees National park, Yosemite National park and side trips to the principal cities in the west. It will cover approximately 7,600 miles.

## Perry Grangers Hear Ohio History Talks

At a meeting Wednesday evening of Perry grange at the hall, Franklin rd., some of the members gave talks on "History of Ohio and Pioneer Life." Other numbers on the program were:

Songs by the grange; piano solo, Mary Bares; piano solo, Louise Fawcett; select reading, Mrs. Myrtle Coughlin; current events, Luther Stewart.

The good road question and "Obnoxious Weeds and How to Eliminate Them" will be discussed at the next meeting in two weeks. The orchestra will play.

## Employee Must Leave Mine Company House

Charleston, W. Va., March 20.—A coal mine employee, occupying a company house, is subject to immediate eviction without notice when he quits the employ of the company, the supreme court held today in reversing the verdict of the lower court for Walt Ansel, when Ansel was allowed damages for alleged injury done his household goods set out of a company house at Gleet.

Company houses, the supreme court held, are part of the mining plant and employees occupying them cease tenancy when their employment with the company stops.

## Blind Student Has Method By Which He Heads Classes

Chicago, March 20.—Pedagogical theories which have stood the test of centuries, stand threatened today by developments at Northwestern university.

A new era of education, in which the pouring over text books by students may be eliminated and all orthodox methods of instruction abandoned, awaits only the result of psychological experience which will determine the wherefore of the proficiency of Carl W. Bostrom, 21, author, psychology expert and blind student extraordinary, at Northwestern.

According to Bostrom's statements he never crams for examinations. He merely mentally reviews his topics. He never takes notes on lectures and acquires all his knowledge by merely listening. Diagrams drawn by professors to illustrate their lectures he "sees" by the faint noise made by the chalk scraping on the blackboard. Generally he is able to interpret the diagrams more readily than the students who actually see them.

Records at Northwestern show Bostrom above the average mental calibre of scholastic proficiency. He takes more courses than the average students and obtains better grades.

"I would have to expend as much mental energy on my college studies as the average student," Bostrom explains, "if I did not know how to manage my memory and powers of concentration to the best advantage. In the mind facts and names are interrelated and do not stand as so many isolated items. The result is not attained merely by concentration but primarily by rearrangement of the new knowledge gained in accordance with what I have learned in the past. This method based on a sound scientific principle analyzed by myself, will undoubtedly be of great value to me in my proposed journalistic career."

It is possible, Northwestern professors believe, that the principles used by Bostrom can be applied generally to teaching. They are conducting a series of experiments to obtain data on the matter before attempting to introduce any of it.

Why does water harden into ice?

—because, when sufficiently cooled, water becomes filled with millions of needle-like crystals. These increase and interlace until the whole mass is solidified. During icy weather.

## Women Of Rural Districts Are Now Instructing Sisters In Cities To Make Clothes

By M. K. ZIMMERMAN

Lisbon, March 20.—The old order of things has been reversed. It seems that the Columbiana County Farm Bureau has been active in this county for a rather long time. It is now the duty of the women of the rural districts to go into the cities and teach their sisters how to make clothes.

It is interesting to note in this connection, however, that every taxpayer in Columbiana county has offered to him or her any information that the County Farm Bureau office possesses and it is only recently that city people have been taking advantage of the opportunity to secure pertinent facts in more than one subject.

It has also been brought out that the work of the Girls' Canning Club, which has been so successfully developed by the Farm Bureau agencies is also being carried into the city homes by the girls of these homes getting in touch with the members of the canning clubs. The girls in the rural communities have been taught a lot about canning and "putting up" fruit and they are quite willing to explain to their city cousins just how the work is done.

Just at this time women from the country are coming to the city to learn how to make clothes from the city people. The city people are now the ones who are instructing the women of the rural districts.

When it became known that the study had progressed so favorably and such wonderful work was being done by the various township leaders and their group demonstrations, the women of the city became interested, and now calls are being received at the Farm Bureau office by these women seeking information as to where they can get in touch with the township dress construction leaders.

By this plan, the work of the Farm Bureau is being carried right into the homes of the city, although city folks are not members of the Farm Bureau.

LaFollette Gaining Some On Johnson, Late Returns Reveal

Farm, N. D., March 20.—With more than half of the state's precincts reported, the returns show that LaFollette has increased his lead in the presidential race, but Johnson is still leading in the senatorial race.

Senator LaFollette, who was showing increased strength from the rural districts, where the non-partisan vote was heavy, he was evening up with Senator Hiram Johnson.

Of the 2,058 precincts, all but 860 had reported, giving Coolidge 35,000; Johnson 21,000, and LaFollette 21,000.

While further returns will be received today, largely from the west, they are not expected to be heavy. Coolidge headquarters claims to have carried the state, but Johnson headquarters has not conceded this, taking a stand of optimistic waiting.

In many cases it was necessary to wait until the returns could be brought in on horseback.

# McCULLOCH'S

## Spring Opening Days Tempt You to Inspect the Lovely New Apparel

Everywhere there is spring in the air—notwithstanding an occasional snow flurry, the skies are blue, the sun is brighter; already Mother Earth is responding to warmer sunshine and the longer days. And it won't be long before the trees are leafing and the world will be a blaze of color.

Already bright, colorful smart new modes announce the return of spring—and since you'll want to be prepared when the days are warm enough, you'll enjoy more than ever, choosing from the lovely things which this spring opening brings.

### COATS

Three-quarter and Full Length

Considering every phase of the spring wardrobe, a fashion right coat must be one of your first spring consideration. There are Sport Coats of real 'sports' materials—there are Street Coats of twills and woollens. There are some with cape backs and scarf collars—all new for spring.

### Blouses

For Spring Suits

An extensive selection of Overblouses fashioned of cotton crepe and crepe de chine. Beads and fancy printed effects add distinctive touches. They fit snugly over the hips. The new shades of spring as well as the ever staple blues and blacks.

Beautiful Overblouses, artistically beaded and fancy printed novelties, \$5.75 to \$10.

### Accessories

That Give Style

You might as well buy a lot without a house on it as to buy a spring costume without its complementary adjuncts. For instance the megogram appears everywhere this spring. There are Gloves, Handkerchiefs, Hosiery, Purse and ribbon novelties. All in fascinating new assortments here.

## Just Received Another Shipment of Those \$1.00 Stamped Day \$1.00 DRESSES

Stamped Linene Day Dresses, one of the best values ever offered in our Art Department. Six different patterns; colors, lavender, orange, Harding blue, honey dew and tan. Make your selection early as these dresses never last long at this low price.

A SENSATIONAL SALE OF 233 COMBINATION KITCHEN SETS EXTRA SPECIAL \$1.25 Each

This is one of the most practical and complete set of Kitchen Utensils that we have ever found to sell at such amazingly low price. The articles are made of heavy metal and have white handles. The set consists of a metal rack to hold the utensils and the following desirable articles:

Egg Beater, Meat Fork, Cake Turner, Potato Masher, Measuring Spoon, Mixing Spoon, Straining Spoon, Ice Pick

Combination Can Opener, all packed in an attractive box. These sets if bought in the regular way would sell for at least two to three times as much. We believe this to be a wonderful bargain. 500 sets to sell at \$1.25 set.

### Special Values in Room Sized Rugs

## COCOA MATS 59c AND UP

Just at a time when you need them comes this special sale of Door Mats. Heavy Cocoa Door Mats, size 11x21, smooth and brush finished; keeps all the spring mud off that carpet. Several sizes for your selection. Priced at 59c and up.

### HOME TALENT GETS

(Continued from first page.)  
tening to Culberson sing of their love-making preceding a dainty little offering, "It Might Happen," which it did, with George Lewis and Miss Deweller in a flirtation scene that got lots of applause.

Three songsters, James Edwards, Miss Heckert, and Roland Paxson, gave an idea of how some people came home from a dance, the "Didn't It Rain" song, a hit of today, scoring big.

Sara May Zimmerman and Mary Yawood were two rag dolls which entertained just before Frank Allen and Culberson did a scene in a box. Katherine Stratton and Beagle appeared in a quaint Chinese scene, followed by the first act finale, "You and I," with Culberson doing the leading.

A novelty minstrel show opened the second act, the entire cast taking part, and many good numbers were included in it. It was the best all around scene of the show.  
Miss Stratton and Beagle again scored with an Irish melody while a quartet composed of Roland Paxson, Chet McCave, Paul Smith and John Meyer sang several songs. A quick lunch scene with Eddy and Frank Allen, Beagle and Kenneth Kelly followed, and then the "Darling" chorus danced a few steps while Culberson sang again.

The audience got their share of balloons in the next scene when Ralph Zimmerman and his chorus came out on the runways and gave all vari-colored airbags to help celebrate. The work of this chorus was exceptional, being a take off on the famous London Tiller girls act.

Jessie Heckert, Alice Rouski and Jack Oliver put on a jazz offering. Paul Schmid was a street faker, with Miss Heckert and Frank Allen, now in white face, doing the last scene. The finale followed.

## MILLER BROS. FIVE LOSE HOT BATTLE

Nosed out by a single point, the Miller Brothers' basketball five of Columbiana lost a hot battle Wednesday night to the Nazir Grotto team of Canton, 23-27, before a packed house in the Columbiana High gym.

It was without doubt one of the most exciting cage games ever seen in the little town, rivaling the High school games and tournament. Neither team could retain a lead over a few minutes, and as the score indicates, the game was not over until the final whistle.

Both teams thus closed their seasons in blazes of glory. The Nazir outfit was not superior to the Columbiana team, but were used to hard grinds, being mostly a road team and the Miller five bowed in glorious defeat.

## Urges Planting Of Walnut and Hickory Trees On Arbor Day

Columbus, March 20.—"Ohio boys should never be denied the old familiar pains of getting their hands tanned and their fingers blacked in hulling walnuts," Gov. Donahue states in an Arbor day proclamation.  
The governor urges especially the planting of walnut and hickory trees on that day—April 11—if for no other reason than "to uphold the traditions of Buckeye boyhood." Both of these trees are growing less common in the state, he said. For the sake of future generations, he asked that Arbor Day be made "walnut and hickory day" this year.

## FARM BUREAU TO OPEN DRIVE FOR MORE MEMBERS

Plan To Secure 1,500 More  
Members This Year; Gain  
Of 18 Last Year

Lisbon, March 19.—Although 12 members of the Columbiana County Farm Bureau left their farms and moved either into the city or out of the county during 1923, the farm bureau made a net gain of 18 members last year, official membership reports have just disclosed, and on the eve of the membership campaign for 1924.

The farm bureau has a possible membership of 2,500 in this county, and it is the desire of the executive committee of the bureau, which met at the farm bureau office here this week to boost the membership roster to at least 1,500 members this year. People go on the farms, join the farm bureau, and then in a year or so for some reason or other leave the community, which, of course, relieves them of their obligations to the bureau. However, in face of all these remarks from the county year after year, reports for 1923 show a good net increase over the report of 1921, and the report for 1923 shows a net gain of 18 members, this after 72 farmers and members removed from the county. At the close of the fiscal report for 1923, the Columbiana County Farm Bureau had a paid up membership of 1,218, but since then, and without any membership drive being made, hundreds of former members are signing up for the next three years on a basis of \$10 per year, and many non-members have been requesting membership blanks, which have been already returned to the head office here.

At the meeting of the farm bureau executive committee this week, plans for the new membership drive, which will be launched the first week in April, were discussed at considerable length. There were not too much canvassing for members this year on account of so many indicating their intent to "join up" and so many old members renewing their memberships without being requested.

An apt illustration of this is shown by the members of the Franklin Township Farm Bureau renewing its entire membership for another three years, in addition to forwarding the names of a number of new members.

Other township farm bureaus are following the lead of the Franklin bureau, so that when the membership canvass is launched, those in immediate charge of the membership campaign will merely be the "clean-up" squad.

Who will be in charge of the campaign has not been determined, but this matter will be worked out within the next week, so members of the committee say.

"From present indications, there will be no use soliciting present members of the farm bureau for their renewal," County Agent C. E. Rowland declares. "It looks to us as if all old members are going to renew without being asked, and the canvass will only have to do with the getting of new members. All in all, we're going to have a great year, and I look for our membership to go between 1,400 and 1,500 this year. We're growing right along, and we've proved to all the farmers that the farm bureau is one of those institutions worth while."

## 14,320 DEGREES ARE CONFERRED BY OHIO STATE

Columbus, March 20.—Conferring of 14,320 degrees and certificates at the recent quarterly convocation at the Ohio State university brought the number of degrees conferred by the university by 14,320 since the first class of six was graduated in 1878. Ninety-two per cent of the total have been conferred personally by Dr. W. O. Thompson, who is completing his 25th year as president of the university.

With the establishment of the quarterly conventions for granting degrees it probably will be several years before the 1923 mark of 1500 degrees conferred at one commencement.

## If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

### Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Rice, Inc., 1117 Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten, the blood to kind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing a support all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A manning such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial. It is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

ment will be surpassed. So far this year 385 degrees have been granted at the three quarterly convocations. Although it is too early to predict the number in the June class, it probably will not exceed 1,300. The total for the year, of course, will constitute a new record for the university.

## BEFORE TWINS WERE BORN

Was Very Miserable. Felt Lots  
Better After Taking Lydia E.  
Pinkham's Vegetable Compound

Wycena, Wisconsin.—"I took Lydia E. Pinkham's Vegetable Compound before my twins were born because my sister used it and recommended it to me. I was so I could scarcely go about my daily work I was in such misery. But after I began taking the second bottle I was feeling lots better. I took three bottles and a half before I was confined and finished the bottle while I was in bed. I got up feeling fine and have taken care of the twins alone ever since. I recommend the Vegetable Compound highly and will sing its praises in the future."  
—Mrs. Ida Gierutz, Wycena, Wis.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after child-birth, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer. Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother both before and after child-birth. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by nursing mothers.

## McGRAW'S MILLION DOLLAR INFELD BEGINS TO BREAK

All Not Well With Jackson, Bancroft's Successor, Report From Camp.

New York, March 29.—Between the lines of training camp masterpieces penned from Sarasota, Fla., has run a rather poignant note to the effect that all is not well with Travis Jackson, the young man John McGraw counted so highly that he traded one of the best shortstops in baseball right out of New York.

At the time McGraw made immediate claims of greatness for Jackson and intimated that while Dave Bancroft was a most worthy individual his passing from the so-called "million dollar" field would prove a mere nothing.

It is insinuated now, however, that our Mr. McGraw may have committed a faux pas, Jackson is neither hitting nor fielding after the manner of his 1923 performance. In fact the situation has become such that there is some talk of a general shift in the Giant array. If Jackson continues in his slump, it is said that McGraw will revive his attempts to cull an experienced infielder from the possession of some other national league club.

Failing in this, the report is that he may shift Frank Frisch to short stop and try to get results at second base from Fred McGuire or Fred Lindstrom, recruits, or else bring Ross Young in from the outfield. All of these have the outward appearance of desperate moves, calculated to weaken the defense of what was an extremely efficient infield combination.

Up To Jackson.

Frisch, a great second basemen, might be a flop at short stop. McGuire is a good fielder but cannot hit, at least he has given no assurance of the fact that he can. Lindstrom seems to be a fine prospect but you cannot tell a book by its cover nor gold by its glitter. Young was once an infielder, but thought better of it. Perhaps he was right.

Unless Jackson comes through the great infield of the Giants will be no more. Two of its remaining members, in fact, are not altogether certain of themselves. Heinie Groh is hitting and fielding well, according to reports, but has not recovered from his operation to the extent that he is letting himself out. Fear is felt that Groh will be unable to stand up under the strain of 154 ball games.

George Kelly at first base has failed to strike his stride to date and is being considerably worried by the pernicious activities of Bill Terry, Toledo recruit, who is fielding acceptably and hitting like a madman. Still it is hardly likely that Kelly will be replaced or that Groh will fall to start the season at third base. It is simply the fact that a certainty has become very uncertain. With Bancroft back at short stop, the difficulty would be largely eliminated. He isn't. It would seem, therefore, that McGraw has placed all of his chips on one card and perhaps has overplayed his hand.

## Comiskey To Undergo Gallstone Operation

Chicago, March 29.—Charles A. Comiskey, owner of the Chicago White Sox was to undergo an operation for gall stones today. Although Comiskey has been in poor health

this winter his physicians believe that his condition has improved so that no ill effects should result from the operation.

## JIMMY JONES TO MEET K. O. KAPLAN WEDNESDAY NIGHT

Feature Of Boxing Show At Youngstown Ought To Be Real Thriller.

Phil Kaplan, who goes under the name of K. O. Phil, will oppose Jimmy Jones, sensational Youngstown welter, in the boxing show at Rayen-Wood auditorium, Youngstown, next Wednesday night.

Kaplan takes the place of Morris Schlaifer of Omaha, who injured his hand Tuesday, and wanted a two-week postponement. The fight will go 12 rounds, and will be the biggest welterweight feature of the year as both Jones and Kaplan, who hails from New York, are after Mickey Walker's crown.

The rise of both boys was phenomenal. The Harlem crack knocked out a dozen or so prominent eastern welter before the fans got wise, and now they are raving in his home town about the latest real Gotham boxer.

What he will do in the ring with Jones is a mystery, as only Jones is known around here. If we can take their word, both fighters are going to win, and show the public in these parts how seriously they might either Walker, or do even worse to the champ.

As a semi-final bout that promises to be just as good as the feature will be a 10-round scrap between Ray Shavers of Niles and Eddie Bowen of Sharon. These lads staged one of the snappiest bantam fights not long ago that fans have witnessed in months. Bowen got the popular decision.

Jimmy Muche of Niles and K. O. Jitney of Beaver Falls will take part in another 10-round semi-final, being the first on the card. Muche has made quite a record in the Mahoning district, and while only a local boxer, he can give and take with the best of them, and ought to clean up on Jitney.

## DEMPESEY MAY BOX WILLS IN MONTREAL

New York, March 29.—The presence in Montreal of a representative of Tex Rickard has prompted a revival of reports that the Canadian city will be selected as the scene of a Dempsey-Wills match late this summer.

The emissary is none other than Col. John Hammond, vice president of the Madison Square Garden corporation and his trip to Montreal was for the ostensible purpose of making arrangements for the formation of an international hockey league, but the good people of the dominion are pleased to think otherwise.

They infer that Col. Hammond has been given the responsibility of looking over the ground as an advance agent for the Dempsey-Wills matter and point to the fact that Rickard himself would have made the trip, if the congressional investigators in Washington had been less curious about the Dempsey-Carpentier fight pictures.

## BOWLING ALLEYS RUINED BY FIRE

Cleveland, March 29.—The Erie Bowling Alleys here were in ruins today having been destroyed by fire which swept the building last night while games in the Atlantic and Pacific leagues are being played.

Twenty-five girl bowlers, together with an equal number of men, and some 200 spectators were in the rooms when the flames broke out. The lower floors of the building were occupied by a garage, but most of the automobiles were saved undamaged. Loss was estimated at \$10,000.

## Three Drunks Novel Sight In Washington Says Wayne Wheeler

Washington, March 29.—"Three drunks are as novel a sight in Washington as an elephant in a country town," Wayne B. Wheeler, general counsel for the Anti-Saloon League, said in a statement replying to charges by Rep. Tinkham, Republican, Massachusetts, that "this city is more drunken than Paris."

Referring to statistics of arrests cited by Mr. Tinkham, Mr. Wheeler said "Paris drunkards are not arrested unless they commit other offenses," while those here are nabbed on sight. "The general crime rate in America has always been higher than in European countries," he added, "because the European courts impose maximum sentences."

"Famous people are in politics to stay," he said. "The Christian men and women of America will not withdraw from the ballot box in favor of the saloonist and the corruptionist because Mr. Tinkham believes religious disfranchises citizens."

# We 23,000 Men

Present you the utmost in fine cars

THERE are 23,000 of us building Studebaker cars. Most of us are partners in the business. Thousands of us are stockholders. All of us, after a certain time, get dividends on wages.

All of us, after two years, get vacations with pay. All of us, after one year, get dividends on wages. After five years, that annual dividend adds 10% to our earnings.

The company spends vast sums on co-operative work with us. When we retire, we get pensions.

So Studebaker cars represent the best that we, in combination, know how to offer you.

Some of us belong to management. If we do better than expected, we get 10% of the excess.

So every man among us does his best to make Studebaker cars supreme.

### Our fine backing

Behind us is an honored name. For 72 years Studebaker has been the leader in quality and class.

We have \$90,000,000 of assets. We have \$50,000,000 in model plants. We have 12,500 up-to-date machines. So Studebaker cars are built by modern and efficient methods.

We have an engineering department which costs \$500,000 yearly. That to maintain and develop Studebaker standards.

We subject Studebaker cars to 30,000 inspections. That requires 1,200 men. All told over 70,000 machine and hand operations are performed in manufacture of a Studebaker car. In so many operations, though each one is small, there is a

great opportunity for economies and savings.

We have a \$10,000,000 body plant, to maintain the Studebaker standard of coach work. There sons, fathers and grandfathers are working together, to build such bodies as Studebaker always built.

Those bodies are finished by many operations, including 15 coats of paint and varnish.

The open bodies are upholstered

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

We give unusual equipment. On some Big-Six models, for instance, we include two nickel-plated bumpers, one or two extra disc wheels with cord tires, a courtesy light, a motometer, steel trunk, etc.

### How we do this

We give you these extra values through quantity production. We build 150,000 cars per year—more than any other fine-car builder. Our large expenses are divided by that enormous output.

We do it by building our own bodies, our own parts. Thus we save outside profits.

We do it because we have up-to-date plants, with all forms of modern equipment.

The results are these: Beauty, quality and luxury such as no maker can surpass.

Prices far below the usual. Our Light-Six, built by ordinary methods, would sell for from \$200 to \$400 more. Our Big-Six can be compared only with the highest-priced cars in the world.

Here are 13 models, from \$1,025 to \$2,685. Each of them offers scores of advantages over any comparable car. They offer such values that the trend toward Studebakers has become overwhelming.

Go analyze the reasons before you buy a quality car.

## See how Studebaker gained top place

145,167 people last year paid \$201,000,000 for Studebaker cars.

The sales have almost trebled in the past three years. Studebaker growth in fine cars is the marvel of this industry.

Go see the reasons. See the scores of extra values Studebaker offers.

There are 13 models. Prices start at \$1025. They go to the highest price a fine car needs to cost.

Don't buy a car for years to come without knowing how Studebaker gained its amazing popularity.

In real leather. The closed bodies in Chase Mohair. That is made from the silky fleece of Angora goats. We pay for those extras—and others—out of savings. Building our own bodies saves you on some types up to \$300 per car.

### We never stint

The rule here is to give the utmost in every part and detail.

We have 35 formulas for steel. Each has been demonstrated best for its purpose. On some of these steels we pay 15% premium to get the formulas exact.

THE WORLD'S LARGEST PRODUCER OF QUALITY AUTOMOBILES

# OHIO AUTO BODY DIRECTS ITS GUNS ON SPEED TRAPS

Columbus, March 20.—Unusually large numbers of complaints concerning law-abiding automobile drivers being held up at night by bootleggers, highjackers and footpads and graft seeking constables has impelled the Ohio State Automobile association to declare war on "speed traps" and other devices adopted for the separation of the motorist from his coin.

Secretary Charles C. James of the Ohio Automobile association today sent out word to officials of affiliated clubs to check up on traps in all parts of the state. It is the intention of the association to co-operate with police officers everywhere in reducing the danger to motorists from highwaymen and also from so-called officers sporting tin badges, who resort to various artifices to secure money from hapless drivers unacquainted with the species.

James points out that an auto owner driving along a country highway has no means of knowing why or by whom he is being stopped when he is signaled after dark. Grafters under the guise of officers accuse them of exceeding the speed limits, having lights improperly adjusted, or some other flimsy excuse for threatening arraignment in court. In many cases, it is said, the motorists are permitted to "escape" prosecution by paying the "officers" the amount they demand.

Cases have been reported where auto drivers having been stopped by barriers in the road are confronted by armed men. While one of the highwaymen engages the attention of the driver, the other examines the car and surreptitiously severs the wires conveying electric current to the tail light.

The owner is charged with driving without tail light, and to escape being haled before a magistrate, usually pays the cash demanded. It is the purpose to break up such practices as this, it was stated at the offices of the association.

## 796 Revenue Agents Let Out On Charges Of Dishonesty, Graft

Washington, March 20.—Because of dishonesty and graft, 796 revenue agents, inspectors and deputy collectors of the bureau of internal revenue have been discharged in the last three years, Assistant Commissioner Charles R. Nash told the senate committee investigating the bureau.

They were exposed by the bureau's secret service of 60 men. Of the 796, 70 were in the District of Columbia.

## Consider Jealousy As Murder Motive

Kansas City, Mo., March 20.—Jealousy robbery, and the possibility that the slayer feared "exposure" were being considered today by police as leads most likely to end in a solution of the mysterious murder of Dr. Zee Wilkins, six times a bride, whose body was found in her home late Tuesday.

A bundle of white papers found in the "death chamber" containing a white medicine were to be analyzed today. Narcotic agents said they were interested in the outcome.

## SULPHUR IS BEST TO CLEAR UP UGLY SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickly by applying Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Menthosulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles' Menthosulphur may be obtained at any drug store. It is used like cold cream.

## Tuberculin Tests Under Way To Give People Pure Milk

The demand for pure non-tubercular milk in the cities of this county is growing apace but because of the lack of a state appropriation to match federal appropriation for tuberculin testing, there is a necessary slowness in testing cattle of this county for tuberculosis.

Last year New York state had a joint state and federal appropriation of \$5,000,000 to be used in testing cattle and Ohio appropriated only \$150,000 for this cause. This state appropriation was matched dollar for dollar by the federal government and it has been pointed out that a million or more dollars could have been raised through this joint channel, had the last Ohio state legislature put through a program that was suggested to them.

Fortunately, however, Columbiana county is listed as one of the 12 counties in Ohio where tuberculin tests are being made. There is a shortage of men in the field, not that they cannot be secured, but the appropriation for this purpose is rather limited.

As the situation stands today, there are over 15,000 head of cattle in Columbiana county awaiting testing, between 1,700 and 1,800 herds.

Throughout this county, mothers are demanding the best milk possible for their children and the work of testing is progressing as rapidly as possible. The time is fast approaching, however, when every head of dairy cattle in Columbiana county will have been tuberculin tested, and then the best milk possible will be available for consumption.

The plaintiff was given 10 days in which to file an amended petition.

## Woman's Party Wants Equal Rights Plank

Columbus, March 20.—National and state officials of the National Woman's party at the state convention of the party in Cleveland a few days before the opening of the national Republican convention, will ask the G. O. P. to include the equal rights principle in the platform. It was announced here today.

Miss Alice Paul, of Washington, will be among the national leaders who will attend the state convention.

## Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenthrin, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenthrin with understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. All druggists can supply you.

## Rumley Begins Term For Enemy Trading

New York, March 23.—Declaring he was convicted by a "verdict given under influences, suspicions and mass psychology of war time," Dr. E. A. Rumley, formerly owner of The Mail, and two of his attorneys were strike out the Wechsler penitentiary Wednesday to serve sentences of a year for conviction in 1923 under the "trading with the enemy act."

Rumley, Walter S. Kaufman and Norvin E. Lindenhurst, who represented him before his indictment, accepted commutations of the sentence by President Coolidge which permitted them to serve their time in the New York prison rather than in the federal penitentiary at Atlanta.

## M'ADOO CARRIES GEORGIA, 4 TO 1

Atlanta, Ga., March 20.—With unofficial returns giving William Gibbs McAdoo a four to one victory over Senator Oscar W. Underwood, his only opponent, in the state Democratic Presidential pre-primary, it was conceded today that Georgia's twenty-eight votes will be pledged to McAdoo at the national convention.

Latest returns from 147 out of 160 counties gave McAdoo 302 county unit votes to Underwood's 80.

Although a few scattered sections have not been heard from, it was not considered likely that any material change will be made in the outcome during the day.
